

WHO WE ARE

People. Process. Performance.

Founded in 1985, Promedica International (PMI) is a Contract Research Organization servicing the medical device, biotechnology and pharmaceutical industries.

BROAD ARRAY OF SERVICES

- Project management
- Clinical study management
- Safety monitoring
- Data management
- Biostatistics
- Medical writing
- Research compliance
- Strategic product development consulting

PMI's capabilities are differentiated by ISO-certified systems and procedures, organizational stability and commitment and responsiveness to our clients. Our corporate culture values integrity, client focus, respect, communication, and continuous improvement. Through our international alliances, we are able to serve client needs globally.

EXTENSIVE EXPERIENCE

Working with industry leaders, early-stage companies, and private practitioners, PMI has been the CRO of choice across a range of medical specialties and therapeutic areas:

- Anesthesiology and respiratory therapies
- Cardiovascular
- Cosmetic
- General and plastic surgery
- Hematology
- Homeopathy
- In vitro diagnostics
- Neurology
- Gastroenterology
- Obstetrics and Gynecology
- Oncology
- Ophthalmology
- Orthopedic
- Otolaryngology
- Pediatrics
- Peripheral and central nervous system therapies

INDUSTRY-STANDARD PROCESSES

PMI's processes are implemented in accordance with a formal Quality Management System supporting operational consistency and efficiency. Our receipt of ISO 9001:2000 certification demonstrates our commitment to quality, while providing flexibility in accommodating a variety of project requirements and budgets.

PMI's clinical data management systems are characterized by 21 CFR 11 compliance, as well as electronic data processing best practices. We offer both paper Case Report Form (CRF) double entry and electronic clinical data management applications.

HIGHLY-RATED PERFORMANCE

Repeat clients and word of mouth referrals are responsible for more than 85% of our projects.

In accordance with our commitment to continual improvement, PMI's project teams are annually assessed on basic performance, reliability, responsiveness, professionalism and fairness by our clients and study sites. PMI teams are regularly rated an average of 4+ out of a possible 5 points.

Whether you plan to outsource individual activities or management of your entire project, PMI is the source of experience and excellence to facilitate accomplishment of your contract research objectives.
